

Installation Instructions

FX Back Box

Please Save These Instructions

- 1** Locate the desired location for your unit.
- 2** The complete unit weighs approximately 14 pounds (including the back box) it should be supported on both sides with screws, so you need to provide a header on both sides of the back box.
- 3** Mount the back box so that the front edge will be flush with the joist (studs) secure with appropriate size screws in all 4 holes.
- 4** Run your rough in wiring to the box.
- 5** Back box installation complete, finish ceiling (wall) as normal.
